

Good Dope.
For this advice I'll get no fee,
But it should make a hit;
The wisest man on earth is he
Who knows just when to quit.

STANDARD OIL CONTRACT.

Lima, Ohio.—The Standard Oil Company has placed contracts with the United States Steel Corporation for its 1914 pipe and steel requirements, calling for approximately 300,000 tons of material, of which about 200,000 tons is of steel pipe of various sizes, and tubing and casing for well drilling. The remaining 100,000 tons is plates for oil storage tanks and general construction.

THE SILENT DRAMA.

(Sunday's Enquirer.)
The amazing development of the motion-picture industry is indicated with fair precision in the latest available report of the National Board of Censors for Motion Pictures, covering the year from October, 1911, to October, 1912. The report estimates that 98 per cent. of all films exhibited in the country pass under the board's inspection. The total number of sample reels inspected during the year in question was 4,460, or, at 1,000 feet of film to the reel, 4,460,000 feet. Every sample is reproduced 100 times on an average, so that for the amateur of pure numbers, there is a delight in the thought that the board's authority was effective over 446,000,000 feet of film. It is the board's professed aim to prevent the production of obnoxious films rather than to destroy films after production. Nevertheless, out of 4,339 films presented for inspection, 33 were condemned altogether, and 240 were subjected to partial elimination, involving the destruction of more than 40,000 feet of sample film, at a cost to the manufacturers of nearly \$62,000. The activities of the board extend to the programs of nearly 16,000 moving-picture theaters, with a daily attendance, during the period cited, of about 7,000,000.

Ten thousand dollars in prizes will be awarded for the best scenarios submitted to the Gaumont Company, of Paris, according to a prearrangement. The first prize is to be \$2,500.

YOUR LAST CHANCE TO HEAR PERCY REED, THAT SINGER.

The Carlisle tobacco market will close Wednesday, March 18th.

If a man can induce a railroad company to carry his thirteen-year-old daughter on a half-fare ticket he considers it an achievement.

MARCH AND WHY?

March, the month of Martius (Mars), though the third month of our calendar, was the first month of the Roman year. It was considered as the first month of the year in England until the change of style in 1752, and the legal year was reckoned from the 25th of March. Its last three days (old style) were once popularly supposed to have been borrowed by March from April, and are proverbially stormy.

CARLISLE'S NEW CATHOLIC PARSONAGE.

(Carlisle Advocate.)
The handsome two-story, ten room brick Catholic parsonage has been completed and Rev. Father John Adelsperger moved in last week. This is one of the most complete and modern residences in our rapidly growing city. It is heated by steam, is equipped with the very best water works system, having a bath on first and second floor, and is conveniently and attractively lighted with electricity. Father John is quite a favorite among our citizens and all will be pleased to know he is so comfortably situated.

THE GUARDING OF RAILWAY CROSSINGS.

(Ripley Bee.)
The Falmouth Outlook says the L. & N. Railroad has refused to place gates at a railroad crossing in that city, claiming the crossing was not a dangerous one.

In our opinion all railroad crossings are dangerous and should be so protected that no doubt of their dangerous character could exist.

The recent accident at South Ripley brings home to Ripley people more than ever the necessity of guarding the crossing at that place thus preventing a repetition of that deplorable affair. While there has never been an accident previous to this one, at that place, yet there have been numerous narrow escapes, and with a proper guarding of public welfare even these would not have occurred.

Whether a crossing should be guarded in Falmouth, South Ripley, or anywhere, is not a matter for the railroad to determine, but a matter of public safety to all communities, and should be looked at from the standpoint of the people, who make the existence of the railroad possible.

In larger communities railroads are forced to place gates, watchmen or some device to warn individuals of the approach of a train. Why then should not the same rule apply in any community, be it large or small? So long as it is necessary to cross the tracks at South Ripley let us at least have an electric bell to warn us of an approaching train and in this way prevent the needless sacrifice of lives.

FIVE DAYS ON ROCK PILE

Sentence Given Millionaire For Speeding With Auto.

Portland, Ore.—Five days at hard labor on the city rock pile was the sentence for speeding given to W. C. Barker, millionaire clubman, by Judge J. H. Stevenson, in the Municipal Court. Expecting to be let off with a fine, Barker, loaded guilty of having run his auto 50 miles an hour within the city limits.

GUARANTEE OF DEPOSITS

Causes Oldest Bank in Mississippi To Close and Liquidate.

Canton, Miss.—The Mississippi State Bank of Canton, one of the oldest financial institutions in the State is closed. A notice, signed by the Directors, said depositors would be paid in full. It is said the closing was prompted by the new State law providing for guarantee of deposits. The bank was capitalized at \$100,000.

WE HAVE FAITH IN THIS STOMACH REMEDY

We Have Faith in this stomach Remedy
A woman customer said to us the other day, "Say, you ought to tell everyone in town about Rexall Dyspepsia Tablets. I would myself if I could." That set us to thinking. So many people have used them and have so enthusiastically sounded their praises both to us and their friends, that we have an idea you all know about them. But, in the chance that some of you who suffer from indigestion, heartburn, dyspepsia, or some other stomach complaint, don't know about them—we are writing this. They contain Bismuth and Pepsin, two of the greatest digestive aids known to medical science. They soothe and comfort the stomach, promote the secretion of gastric juices, help to quickly digest the food and convert it into rich, red blood, and improve the action of the bowels. We believe them to be the best remedy made for indigestion and dyspepsia. We certainly wouldn't offer them to you entirely at our risk unless we felt sure they would do you a lot of good. If Rexall Dyspepsia Tablets do not relieve your indigestion, check the heartburn, and make it possible for you to eat what you like whenever you like, come back and get your money.

Sold only at the more than 7,000 Rexall Stores, and in this town only at our store. Three sizes, 25c, 50c, and \$1.00. —Chenoweth Drug Co., corner Second and Sutton streets, Maysville, Ky.

KILLED FIRST BEAVER IN YEARS.

Paducah.—The first beaver that has been seen in this section in many years was killed near here. There is no doubt that the animal is a beaver. It measured five feet long. It was skinned and after the hide is shown to many doubters it will be sold, as such hides are very valuable. Many years ago beavers inhabited this part of the country, but in late years none has been seen.

FEW TOBACCO PLANT BEDS HAVE BEEN SOWN.

Carlisle.—Tobacco growers of Nicholas County say they have been unable to get any tobacco plant beds sown owing to the bad weather that has prevailed here for the past thirty days. Much plowing was done early in the season and everything indicates their purpose to put out a large acreage of tobacco this year. Only one or two plant beds in the county are reported to have been sown. This work is usually done here in February.

5 Women Avoid Operations

For years we have been stating in the newspapers of the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing?

1. HODGSON, ME.—"I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached and I was so nervous I could not sleep, and I thought I never would be any better until I submitted to an operation, but I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."—Mrs. HAYWARD SOWERS, Hodgdon, Me.
2. CHARLOTTE, N. C.—"I was in bad health for two years, with pains in both sides and was very nervous. I had a growth which the doctor said was a tumor, and I never would get well unless I had an operation. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and I gladly say that I am now enjoying fine health."—Mrs. ROSA SIMS, 12 Winona St., Charlotte, N. C.
3. HANOVER, PA.—"The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—Mrs. ADA WILT, 196 Stock St., Hanover, Pa.
4. DECATUR, ILL.—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—Mrs. LAURA A. GRISWOLD, 2300 Blk. East William Street, Decatur, Ill.
5. CLEVELAND, OHIO.—"I was very irregular and for several years my side pained me so that I expected to have to undergo an operation. Doctors said they knew of nothing that would help me. I took Lydia E. Pinkham's Vegetable Compound and I became regular and free from pain. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. GRIFFITH, 7305 Madison Ave., Cleveland, O.
